A higher education approach to the cloud

Ellucian Cloud Solutions are about more than new technology. They are about giving you the tools you need to help students succeed.

Our cloud solutions are designed to meet the unique needs of colleges and universities. We combine 40 years of higher education experience with the latest cloud technologies to help you solve your toughest challenges.

Ellucian Cloud Solutions help you spend more time focusing on helping your students succeed and less time on IT maintenance and recruiting skilled technology staff.

Ellucian Cloud Solutions deliver:

- **A great user experience** for today's tech-savvy students and staff based on intuitive technology, mobile-first design, and an intuitive interface

- **Modern, more flexible technology** that reduces the cost of maintaining enterprise systems so you can invest more in strategic IT initiatives—which lowers your total cost of ownership

- **Unparalleled higher education-specific functionality** that provides the most complete set of applications designed specifically to meet your students' needs

- **A complete set of integrated solutions** that includes enterprise resource planning (ERP), and constituent relationship management (CRM) systems as well as administrative tools that make it easier for your students, faculty, and staff to do what they need to do

- **A safe and reliable cloud platform** that gives you control and helps you manage your investments in student and staff-facing system customizations

- **A cost-effective transition** to the cloud that helps you avoid the costs, disruptions, and downtime associated with a major IT implementation

- **A continued commitment to choice**—Choose the delivery method (cloud software, cloud hosting, or on-premise solution) and pace that works for you

"Engaging a partner like Ellucian to manage our technology in the cloud was an easy decision once we realized the potential to significantly improve service for current and prospective students."

Dr. Glenn E. Mayle, President, Arizona Western College

Today, Ellucian offers a complete set of cloud offerings

Ellucian cloud software

Access Ellucian software through either a subscription or perpetual license model, deployed in the Ellucian Cloud which is powered by our enterprise cloud architecture and governance model. As of today, we have seven cloud software applications ranging from recruiting through advancement:

- Ellucian Elevate™

- Ellucian Enterprise CRM

- Ellucian eTranscripts

- Ellucian Mobile

- Ellucian Pilot

- Ellucian Recruiter™

- Ellucian Talent Management Suite

But we're just getting started. We're developing more cloud-based software applications every day.

The new, cloud-based versions of our ERP systems will maintain all of the functionality of our current systems. Unlike other options, our cloud products do not require a reimplementation—so you don't have to deal with excess costs or hassles. Just follow our proven migration path. The Ellucian cloud software approach helps you reduce the number of customizations and accommodate the customizations you've already built.

Ellucian Cloud Application Hosting Services

With Ellucian Cloud Application Hosting Services, you can hand over the hosting and management of your software systems to our experienced staff today while still maintaining control on the software versions, upgrade schedule and the level of customizations. We take care of system maintenance, upgrades, security, and more, freeing you up to focus on supporting your faculty, staff, and students.

The Ellucian higher education cloud difference: no trade-offs

Moving to the cloud should propel your institution forward, not backward. With Ellucian, you don't lose dollars, functionality, or control. Only Ellucian delivers:

- **Higher education functionality**—Our cloud-based solutions feature the most complete set of functionality designed specifically to meet your students' needs

- **A proven track record**—We have successfully delivered cloud-based solutions, such as our mobile application, to hundreds of institutions

- **Flexible cloud platform**—Our safe and reliable platform provides a dedicated environment that revolves around your needs, not the other way around

- **Minimal disruption**—our range of cloud solutions allow you to migrate to the cloud in a way that lets you evolve over time and aligns to your timeline

- **A cost-effective path to the cloud**—With Ellucian, you can transition to the cloud quickly and efficiently without a complex reimplementation
