

Ellucian Housing Powered by Adirondack

Manage and configure student housing with a customizable, user-friendly solution.

Today's students want a modern, flexible way to apply for housing, agree to contractual terms, and select facility preferences. Combining convenience and utility, Ellucian Housing is designed as a one-stop-shop that seamlessly handles all aspects of housing through a mobile-first application.

Intuitive design and student-centered capabilities

Ellucian Housing provides easy-to-configure assignment tools for almost every housing scenario

- Take your student housing tools with you anywhere, on or off campus.
- Enable new and returning students to submit their housing preferences electronically.
- Provide access to campus colleagues using role-based permissions.

Data-driven functionality

Leverage specific insights about your students, assignments, and facilities.

- Visualize all your student housing data in one digital application.
- Track your assignments, waiting lists, and urgent changes in real-time.
- Tie date-based log entries to mail-merge letters and emails.

Filled Beds by Hall Pie

The pie chart visualizes the distribution of filled beds across various halls. The legend identifies three categories: 691 Fountain Terrace (orange), 721 Fountain Terrace (red), and 751 Fountain Terrace (yellow). The chart also includes labels for other halls such as Nelson Hall, Lissner Hall, Heritage Hall, Getsch Hall, Arden Vill., and Bodien Hall.

Built for scalability and long-term growth

Reconfigure your solution to align with any changes that occur within your institution.

- Mass edit student information and assignments.
- Track room conditions and maintenance problems.
- Save records from one year to another in a historical file.

The screenshot shows the 'The Housing Director' interface. At the top, there are tabs for 'Fall 2020' and '(select a student)'. On the left, there is a 'Student & Term Search' panel with a dropdown for 'Fall 2020', a search bar, and a 'select the student' dropdown. Below this is a 'Main Navigation' menu with options: 'Halls', 'Custom Fields', 'Occupancy', and 'Work Orders'. The main content area is titled 'Hall (17)' and contains a table with columns: Hall, Description, Gender, RD, RD Room, RD Phone, RD Email, and Security Phone. The table lists several halls with their respective details and edit/delete icons.

Billing and financial automation

Coordinate all billing and monetary tasks that coincide with housing.

- Export billing charges/credits to your campus-wide financial system.
- Mass edit student billing information without altering assignments.
- Manage payment plans, bill for utilities, and notify students about facility damages
- Data imports and integrations

The screenshot shows the 'The Housing Director' interface for billing. At the top, there are tabs for 'Spring 2021' and 'Jones, Dendra'. Below this, it says 'Student Billing: \$7,800.00'. There is a 'Filter' bar. The main content area is a table with columns: Exported/Paid, Date, Type, Amount, Description, Eff. Date, Exported/Paid, and User. The table lists three billing entries with their respective details and edit/delete icons.
