

Ellucian Payment Center by TouchNet®

SYNCHRONIZED AND SECURE PAYMENTS

Today's campus payment transactions have grown in both volume and complexity. With so many ways to pay and more payment channels, payment points, and merchants, colleges and universities need a scalable, trusted financial technology platform capable of managing the complexity. Payments campuswide have to be managed more efficiently and securely to meet evolving payment card industry (PCI) security requirements and achieve campus cost savings initiatives.

Ellucian and TouchNet have come together to offer colleges and universities an enterprise-grade payment platform that drives operational efficiencies and full compliance with PCI standards. Ellucian Payment Center by TouchNet is designed specifically for the unique requirements of higher education, combining Ellucian's business technology savvy with TouchNet's payments expertise and financial technology to deliver a powerful base payment module that is affordable, expandable, and easy to use.

Ellucian Payment Center by TouchNet offers you the basic payment system functionality most often requested by colleges and universities, plus powerful bonus features to make managing payments easier and better. This turnkey service enables you to cut costs, improve operational efficiencies, enhance student services, and maintain a PCI-compliant payment environment.

STAY IN BUDGET

Payment Center is priced and packaged to be affordable for small and large institutions alike. Just contact your Ellucian customer relationship manager and ask about the Ellucian Payment Center by TouchNet. We'll install it in a PCI-certified data center with your help to select the options that work best for you.

PROVIDE EASY ACCESS

With a well-designed look and feel that can be tailored to fit your institution's brand image,

Payment Center is easy for staff, students, and parents to use. It is intuitive and appealing to operate, and most important, it can be integrated seamlessly with your student and finance systems to reduce overhead and increase operational efficiencies. Each payment is completed in real time and is posted immediately to your campus business systems.

MAINTAIN SECURITY COMPLIANCE

Ellucian Payment Center by TouchNet is easy to maintain. TouchNet hosts your Payment Center, so you can leave data center operations to us. We'll keep your software running and up to date, and we'll make sure your payment data is secure. If the PCI Council modifies its Payment Card Industry Data Security Standard (PCI DSS), we'll comply to help you stay compliant. If the Payment Application Data Security Standard (PA-DSS) should change, we'll make sure your payment accommodates the new security requirements.

KEY FEATURES FOR ADMIN USERS

Payment Portal Dashboard—Monitor daily transactions, oversee campus payments, spot trends, and watch for system alerts and warnings.

Transaction reports—Get the information you want, how you want it, when you need it, online. The Payment Center offers reports to give you the flexibility to match transactions to your business cycles. Filter by date and time, payment method, campus merchant, and more.

User management/permissions—With a single sign-on, you have access to all administrative functions and operation centers of the Payment Center, including management of user profiles and permissions.

Customer service access—When a student or parent contacts you with a question about payments, view the same online information that your student sees.

KEY FEATURES FOR SELF-SERVICE USERS

Account balances and payment history—Students go on line to review their real-time current account balances and payment history.

Student account payments—Students make payments against their student accounts online using any of the many electronic payment methods available through the Payment Center.

Scheduled payments—Not only can students make payments while they're online, they can also schedule a payment be made on a future date. Automatically, Payment Center completes the transaction on the desired date and sends an email confirmation.

Online payment profiles—Students maintain their own stored payment methods online. Then, when making a payment, students just click on the payment method of choice, and Payment Center will automatically authorize and submit the payment transaction.

Authorized users—Students can also designate "authorized" users to view their payment information and make payments on their behalf. This feature of Payment Center gives students the ability to involve parents and others in their campus financial Transactions.

EXPAND YOUR PAYMENT CENTER

The Ellucian Payment Center by TouchNet is based upon the TouchNet U.Commerce financial technology platform. Campuses can expand the Payment Center into a truly comprehensive and cohesive commerce management system with a variety of feature-rich modules. Campuses can grow their payment systems at any rate they choose. The end result is the same: unified campus commerce to automate, manage, and secure payments and related business transactions throughout the campus enterprise.

Build on the foundation that is your Payment Center with these U.Commerce modules and unify and secure campuswide payments. Add-on modules include TouchNet Bill+Payment, TouchNet SponsorPoint, TouchNet Marketplace, TouchNet Cashiering, TouchNet Mobile U.Commerce and pre-integrated TouchNet Ready Partners.
