ELLUCIAN SPEND MANAGEMENT SUITE
POWERED BY CHROME RIVER

Saving time and money by automating spend management processes in Higher Education

Chrome River lets business flow for some of the world's largest, most respected global organizations. Our highly-configurable mobile expense reporting and supplier invoice automation solutions deliver an elegant, intuitive interface, offering the same high-quality experience on a smartphone, tablet or laptop.

Ellucian provides technology solutions and services that remove barriers, helping higher education institutions achieve student success. It's been our total focus for more than 40 years. Our passion speaks for itself: today we serve 2,500 institutions and 18 million students in 50 countries around the globe.

By collaborating with Chrome River, Ellucian is able to offer its Higher Education clients a modern, flexible solution with a simple design that will delight your user community. The combination of Chrome River's powerful and agile solution with Ellucian's depth of experience and breadth of total campus solutions makes for a very compelling option for higher education expense management needs. By combining the innovations and experience of our two organizations, we offer exciting developments in travel data integration, mobile capabilities, card program integration, analytics, vendor invoice management and other functionality crucial to our customers.
