

Ellucian Degree Works

Guide student success through better academic planning

Ellucian Degree Works™ is a comprehensive academic advising, transfer articulation, and degree audit solution that helps students and their advisors successfully negotiate your institution's curriculum requirements. With Ellucian Degree Works, students are less likely to take courses they don't need and more likely to stay on a direct path to graduation—and the solution can easily integrate with virtually any student information system.

Ellucian Degree Works provides powerful academic planning tools and real-time counseling capabilities that create new efficiencies and foster more personal interactions between advisors and students. Your students receive the academic advice they need to succeed, and your advisors gain new capabilities to help them counsel students more successfully. The result? More successful transfers, increased retention, and a shorter time to degree.

Too often, students encounter obstacles in their path toward graduation, path toward graduation, slowing progress or worse: interrupting that progress permanently. Finding better ways to support your students as they design and complete academic plans is a critical part of ensuring student success and improving completion rates. With Ellucian Degree Works, your institution provides: successful transfers, increased retention, and a shorter time to degree.

Better access to academic advice

Help students negotiate the most effective path to graduation, ensuring that they spend less time deciphering degree requirements and more time pursuing academic goals.

- Real-time advice and counsel
- Interactive “what if?” scenario planning
- More transparent course and credit transfer
- Clear path to graduation

Better support for academic goals

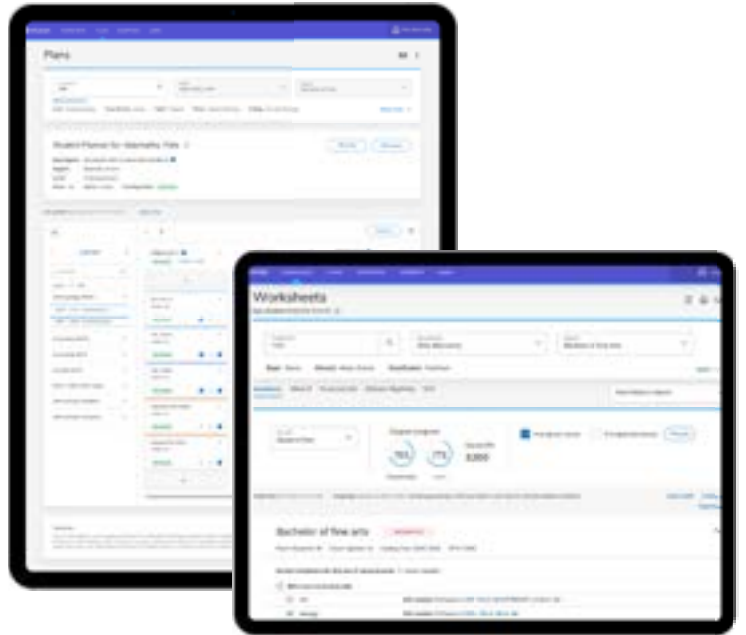

Advisors and students collaborate on detailed educational plans, supporting a more successful outcome.

- More personalized advising
- Improved retention and graduation rates
- More transparent transfer articulation
- Clear and consistent degree plans
- More timely degree certification

Better insight into research and reporting

An accessible database empowers advising teams with information they need to provide personalized advice. Monitor progress toward degree completion and clearly indicate which course requirements have been met to help students stay on track.

- Improved metrics on how courses are being used to fulfill requirements
- Audit tools help students stick to academic plans and fulfill financial aid requirements
- Robust analytical and decision support tools for institutional planning
- Invaluable aggregate information for planning future term course offerings
- Streamlined processes for more efficient cost management

Transfer articulation doesn't have to be frustrating

Ellucian Degree Works™ Transfer Equivalency, an optional component, provides staff with the tools they need to more efficiently determine how coursework from other institutions is evaluated and applied at yours, while self-service capabilities for prospective transfer students help clarify which course credits will be accepted for transfer.

Charting the digital future of higher education with cloud-ready technology solutions and services, Ellucian serves more than 2,700 customers and 26 million students in over 50 countries.
