

The Ellucian Impact Award celebrates the higher education visionaries inspiring others to push the boundaries of technology and innovation. The annual award recognizes the institution utilizing technology to produce a better student experience, to become more efficient, and to resolve challenges.

HOW IT WORKS

Is your institution innovating to enhance the student experience? Has your campus been modernized and transformed by technology? Have the changes you've made had an impact on the higher education community? Share your stories and be recognized for the impact your institution is having in higher education technology.

Customers can nominate themselves for an award or can be nominated by others inspired by their work. The nomination window is open for two months beginning December 10, 2018.

An internal and external panel will review the nominations and will select one winner and two finalists. The winner and finalists will be publicly announced and showcased at Ellucian Live 2019.

CRITERIA

Innovation

- Did your initiative have a unique vision showing innovation and creativity?

Transformation and modernization

- Have you gone through a significant modernization effort at your institution? Have you optimized existing technology and created better integration? Have you moved to the cloud?

Impact on institution and student experience

- How is technology impacting your institution? Are you improving the experience of your students and staff? Does your data show increased productivity or cost savings? Have you been successful in change management?

Community and influence

- Have your technology practices impacted the higher education community at large?

Reportable metrics are imperative. Results can be quantifiable or anecdotal, but more measurable results and examples will result in better scoring.

ELIGIBILITY

The Ellucian Impact Award is open to any current Ellucian customer. Institutions will be required to complete and submit the entry form by no later than January 25, 2019, 5 p.m. ET. All eligible institutions are encouraged to apply.
