

ELLUCIAN PURCHASE POWERED BY ESM

Gain control and increase visibility into your organization's spend

Ellucian Purchase is an intuitive online shopping solution that automates the entire procure to pay process.

Procurement automation with a real consumer shopping experience means your organization will easily control costs, manage spend and improve compliance. If your customers — the employees, staff-ers or faculty of your organization — have shopped on any one of the hundreds of e-commerce sites on the internet, they will feel right at home in Ellucian Purchase.

Finance and procurement professionals enjoy added benefits as well:

- » Provide all users with access to approved suppliers, contracts, products and prices.
- » Guide spending to where you want it with prioritized and preferred suppliers.
- » Turn procurement into a revenue stream with purchasing from contracted suppliers via seamless integration with Banner and Colleague.
- » Easy to manage - a single administrator can support thousands of users.
- » Automated workflows provide seamless approval routing and fewer errors.
- » Complete visibility with enhanced reporting

THE CONSUMER SHOPPING EXPERIENCE YOUR USERS EXPECT

RAPID DEPLOYMENTS

The faster the solution is deployed, the faster you can start putting transactions through it and saving money. Our customers start transacting in just a few months.

RAPID ADOPTION

Fitting hand-in-glove with rapid deployments, our customers benefit from rapid adoption across the user base. It is so intuitive and easy to use that users want to use it!

RAPID RETURNS

Procurement solutions used to measure ROI time in years, but our customers see positive returns on the solution within just a few months.

FEATURES

APPROVED SUPPLIERS, CONTRACTS AND PRICES

Direct access to purchase against the contracts you work so diligently to put in place.

AUTOMATED WORKFLOWS

Ellucian Purchase automates business processes for flexible, seamless approval routing and fewer errors. It supports numerous approval routing and payment options, as well as reporting and analytics capabilities.

GUIDE SPENDING TO WHERE YOU WANT IT

Highlight preferred suppliers so they are automatically prioritized for shoppers.

EASY TO MANAGE

Budget cuts, staff reductions and increasing demands are challenges faced by almost all Procurement leaders. With that in mind, we've developed the administrative backend to be easy and intuitive as well. Thousands of users are supported with just one administrator in some institutions.

TURN PROCUREMENT INTO A REVENUE SOURCE

Drive more spend through the system and increase spend with contracted suppliers.

PURCHASE AND RECEIPT MANAGEMENT

Ellucian Purchase manages all of your purchase types through PO and P-Card transactions. Receipt management enables tracking of all of your transactions for any supplier or project, and in turn, automates the matching process for accounts payable.

COMPLETE VISIBILITY

Use reporting and dashboards to improve negotiating power, consolidate suppliers and identify new opportunities to drive savings.

EASY TO INTEGRATE

Tightly integrated through Ellucian Ethos, Ellucian Purchase is certified and supported to work efficiently with Banner or Colleague by Ellucian.
